

Ambient Acoustics Ltd

Acoustic Kits

Mitsubishi PUHY and PURY units (YNW)

A range of Acoustic Kits designed for noise reduction. An industry first, these kits offer up to an 8dBA noise level reduction from standard.

Key Features

- Up to 8dBA noise reduction
- Mitsubishi approved
- No impact on machine functionality

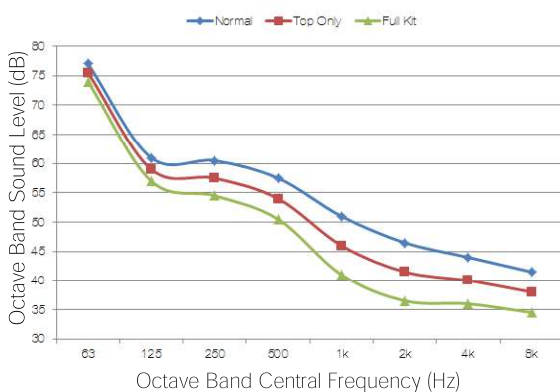

TYPES OF KIT

Both a 'full kit' and 'top only' kit are available. The 'full kit' comprises left, right and back louvres with a top attenuator. The 'top only' has a top attenuator only.

If space is an issue, then the 'top only' kit is available which can still reduce the noise level by up to 4dBA.

The noise level is calculated from an average of the noise at a height of 1m and distance of 1m from the front, back, left, right and 1m above the top. All noise measurements are performed in an anechoic chamber.

PURY-EP200YNW-A ACOUSTIC NOISE LEVEL DATA*

* Indication only

SUPPLY AND/OR INSTALLATION

Please contact Ambient Acoustics directly for supply and installation costs.

Installation costs will vary depending on location and number of units to be fitted with acoustic kits.

Ambient Acoustics Ltd
 PO Box 1585, Wedmore, Somerset, BS28 4WZ
 Tel: 01934 712802
 Mobile: 07488 706199 / 07860 249842
 Email: sales@ambientacoustics.co.uk

Ambient Acoustics is an independent supplier of acoustic attenuation products, all warranties and liabilities rest with Ambient Acoustics Ltd. The acoustic attenuation kits have been tested and approved by Mitsubishi Electric UK.

BASIC ACOUSTIC KIT COSTS

S-module

L-module

XL-module

For all PUHY and PURY Series (YNW)

3 models are available, small, large and extra large. Small fits on the S-module outdoor units, large fits on the L-module outdoor units and extra large on the XL-module outdoor units.

S-module	Complete acoustic kit target price	£2844.00
	Top attenuator only target price	£1013.00
L-module	Complete acoustic kit target price	£3340.00
	Top attenuator only target price	£1377.00
XL-module	Complete acoustic kit target price	£4372.00
	Top attenuator only target price	£2026.00

All costs include delivery to England & Wales. Scotland shipping costs vary - please contact us for more info.

INSTALLATION

Due to the wrap around coil of the YNW, the louvres are attached to 4 sides of the unit. Therefore, when installing multiple module systems, a 300mm gap between each louvre is required.

See diagram below.

1 full kit per outdoor unit is required, unless specifying top attenuator only. In this case, space units as normal.
